EAST OAKLAND VOTES! TUESDAY, NOVEMBER 6TH

NO on Measure AA

The Children's Initiative of 2018

Amends the City Charter approving a parcel tax to fund early childhood education and College Readiness Programs. While we agree that deeper investments need to be made in education, we are concerned that the Mayor is prioritizing this issue over more immediate needs like the housing crisis.

YES on Measure W

Vacant Property Tax

Homeless camps and illegal dumping have inundated the flatlands of East and West Oakland. This measure provides funding for homeless services and resources to address illegal dumping. The tax would not apply to properties in use at least 50 days a year, and it also requires community oversight and exemptions for low-income seniors.

YES on Measure Y

(50 + 1 majority) Close the Loopholes

Help stabilize housing for thousands of Oakland renters and close the loopholes to Just Cause Evictions. Thousands of Oakland Renters get evicted without the same just cause as other renters. Measure Y would give the same eviction protections to tenants living in duplexes and triplexes as tenants living in large apartment buildings who currently have protections under "Just Cause Eviction rules".

YES on Proposition 10

The measure repeals the limits on local rent control laws in Costa-Hawkins.

Under the measure, cities and counties can regulate rents for any housing. They also can limit how much a landlord may increase rents when a new renter moves in. The measure itself does not make any changes to local rent control laws. With a few exceptions, cities and counties would have to take separate actions to change their local laws.
